**PLACEMENT BROCHURE 2020**

Shree Chanakya Education Society's

**INDIRA GROUP OF INSTITUTES, PUNE**

"Empowering Minds to Elevate Lives."

[www.indiraedu.com](http://www.indiraedu.com)

**Vision** - To create a center of academic excellence in the field of Management and IT Education with the purpose of fulfilling the industry requirements through holistic development of the future performers, who are also good human beings, and possess the right knowledge, skill sets & attitude towards their work and life.

**Mission** - To promote a learning environment that welcomes and honors men & women from diverse cultures for involving themselves in intellectual inquisitiveness, explore knowledge dimensions for future application in industry, business, and life. To develop managers and entrepreneurs in the field of management and IT, who can serve as engines of national and global economic growth & innovation. To foster strategic alliances with industry for research and its application. To inculcate the ethical, social, and moral values in all our stakeholders which is the basis of humane social order.

## We Will Prevail

There is always a tiny brilliant light burning, that will never go out no matter how dark the world becomes... Going through the hardest times often leads to the greatest moments of life.

It is believed that the human spirit is indomitable. For the endeavors of any achievement, we succeed with enough resolve. There is something so phenomenal in the indomitable human spirit that will survive, will prevail.

Challenges are truly opportunities. Opportunities to grow and learn, to strengthen ourselves, to test ourselves and our faith. They reveal how badly we want to create the dreams in our hearts, and how hard we are willing to work for them.

Leaders have little choice about facing challenges, whether they come from competitors, economic conditions, or customer demands. However, they can choose whether they treat those challenges as problems or opportunities.

The world is full of such overcoming stories.....

History is replete with stories of challenges humans faced, disruption in Social, Political, Economic, Technological sphere... and those were the transformational times.

We may fall, we may break... But then, we will rise, we will heal, and we will overcome. Make the impossible, possible. One who is not conquering a fear a day, has not known the secret of life.

Some of the essential pillars for us to handle any human existential crisis are:

- 1. Emotional Strength**
- 2. Technological Advancements**
- 3. Adaptability**

Which will give us a HOPE to survive & develop.

**Strong and Mighty, together WE WILL PREVAIL!**

Dear Corporate Partner,

Greetings from the Indira Group of Institutes. I hope you and your loved ones are safe and healthy.

Nature has a way of changing the way we live. The current adversities thrown up by the pandemic has changed the way we think and work, now and in the future. But what remains constant is the human mind, The need to be developed to possess resilience and perseverance to overcome the adversity now and in the future.

At Indira Group of Institutes, we have always given importance to the development of the mind. Harnessing the right attitude with an optimistic and resilient approach, acceptance of change and thriving in it. Resilience of the mind is going to play a major role in overcoming the current hardships. Through our various initiatives like the Care Club, Social Media communication and one to one mentoring by our Directors, Faculties and Staff Members we try to induce positive thinking to nurture the courage and emotional balance, emphasizing that all problems are temporary and can be overcome. We imbibe the values of Trust, Respect and Communication for students to build strong relationships, as we are only as strong as we are united and as weak as we are divided. We encourage students to celebrate their lives and their successes through thick and thin.

It is this mindset which shall help us all to overcome the current situation. Have the tenacity never to give up and in the end we shall prevail.

I look forward to a bright future for all of us.

**Best wishes,  
Dr. Tarita Shankar  
Chairperson**

Dear Esteemed Partner,

History has shown that every crisis has led to dynamic changes in the way we live and work. The pandemic and its effect will be seen in the future. One thing that has been a constant post any crisis, which has led to a change, has been technology. This will be true in the coming years too.

In the wake of the outbreak, the digital revolution came to the forefront. New ways of functioning will lead to new jobs and hence new skills shall be required. Most of the industries and services have been impacted and they have devised new methods and products, services for optimizing their businesses. Healthcare, Education, Retail, Financial sectors have already changed the way they work.

Transitioning through these changes requires enhanced skill sets. Indira has always tried to be among the front runners in using innovative models of education and in upskilling the students to be ready for the industry requirements. We have our own CLDP program for students for skill enhancements and an Entrepreneurship Cell (E-Cell) to guide students through in thinking and applying creative and innovative business plans and methodologies. We have adapted relevant changes in the syllabus, adding subjects like Digital Marketing, Business Analytics considering the need of the hour.

We encourage stalwarts from the industry to come be a part of our advisory and share their innovative ideas with the students and encourage them so that we are in sync with the industry at all times.

Due to these initiatives, students at Indira are ready for the industry with grit and determination. They are not only resilient, but also technologically abreast with the new environment to function effectively as well as efficiently.

Let us come together to enable mankind to prevail.

**Best Wishes,**  
**Prof. Chetan Wakalkar**  
**Vice Chairman and Group Director**

Dear Corporate Partner,

At the outset, I would like to thank you for your continuous support and belief in the Indira Group of Institutes' students over the years. I feel very happy that our students have justified their selection and are performing well in the companies that put faith in them.

The pandemic has thrown different challenges at us. Not only do the young aspirants have to show resilience and develop technological skills, but they will need to show the willingness to develop the ability to adapt to the changing work environment. They will have to learn to cope with change and the unknown. They will have to prepare for the new environment. It will be important for students to adjust their own attitudes and expectations in accordance to the circumstances and business environment.

Through regular interactions with the students, the awareness about the changed environment has been constantly ingrained in the students. Indiraitees are fully aware that to succeed they will have to learn and relearn to suit the business demands.

I would like to invite you for the placement season for our batch of 2019-21. I can assure you that you will get students who have the ability to face the turbulence, have the skills to perform and the adaptability to change.

I would like to welcome you to our campus.

**Best wishes**

**Ms. Madhuri Sathe**  
**Executive Director**  
**Corporate Relations**

## Corporate Social Responsibility

Indira Group is committed to provide not only quality education but also has always believed that corporate conscience is about giving back to the communities that keep your business afloat, maybe even ones beyond your reach.

### Spreading Smiles

- ▶ This activity was carried from 28th December 2019 to 7th January 2020.
- ▶ The activity was carried out by students and staff members. Some Students even made their peers and family members a part of this wonderful initiative.
- ▶ Students went to many orphanages and NGOs and donated Stationary, sponsored breakfast for blind people, donated blanket near pune station.

### Road Safety Drive

- ▶ On the occasion of Pedestrian Day (Gandhi Jayanti), i.e. on 2nd October 2019, our Students participated in an activity planned by Global Shapers Community – Pune Hub.
- ▶ A CSR team of one of the top MNC also joined this activity.
- ▶ The objective of the activity was to spread awareness about the traffic rules among the people for their safety using taglines - “Let Them

### Waste Management Awareness

- ▶ On 1st October 2019, our students participated in “Proper Waste Management” drive along with an NGO, Do Save Foundation.
- ▶ The focus was to spread awareness on hazards of mismanagement on public health, ecology, environment and an individual's responsibility towards it.
- ▶ The NGO conducted a session on “Red Dot Campaign” in which they suggested the best ways of sanitary napkins disposal.

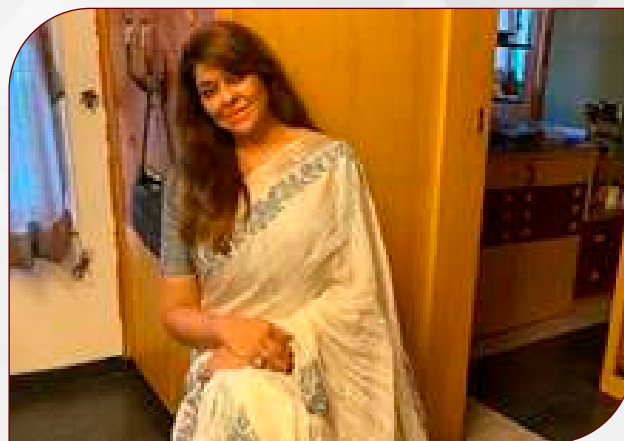

### Other Initiatives

- ▶ Footwear Collection Activity
- ▶ Visiting NGOs
- ▶ Old Age Home visit.

### Care Club (C.A.R.E.)

- It is an initiative taken by Dr. Tarita Shankar where students as well as staff members of Indira Group of Institutes are able to seek her guidance and benefit from her rich experience of life.
- She has created a platform for the members of Indira family, where she listens to their problems, guides and helps them resolve it.

### FIT INDIRA FIT INDIA

- At IIMP, management encourages and supports its team to be hale and hearty. Fitness is in its culture.
- We started the year's fitness drive by a 5 km Walkathon followed by Live telecast participation in a pledge administered by the Sports ministry during its program in presence of Hon'ble PM. Cross, Let Them Walk" & "Donate Blood but not on roads".

### Tree Plantation

- Indira Group took the initiative of moving one step towards saving our Mother Earth.
- We believe in the thought - "You may not plant millions of trees but if you can take care of one single tree with love and care, that will make you great".
- In the CSR activity organised by Tata Technologies and more than 100 trees in and around campus were planted by Students and teachers of Indira.

### Paper Bag Making Workshop

- To provide an alternative to plastic and to spread awareness about plastic use, our students made paper bags and wrote messages on it to make an appeal to people not to use plastic.
- Students distributed those handmade paper bags to the store nearby college premises free of cost and requested them not to use paper bags in the future.

## Directors
